198. Return showing:—1. Whether the Government have taken cognizance of the following article published in the Montreal "Gazette" on November 1, 1915:—"Canadian Help Comes from Sale of Gift Flour. Foodstuffs not Needed by the English Poor were Bought for Belgian Relief.—Funds to Aid East Coast.—Hon. Walter Long Suggested to Canadian Government that $750,000 be Allotted, and Latter Agreed.—(Special cable from the "Gazette's" resident staff correspondent.)

"London, October 31,—'Canada's aid to the east coast towns of England, which are suffering through the war, is the subject of some misconception,' said Sir George Perley to-day. In a statement in the Commons, Hon. Walter Long said that the necessary funds for a Government scheme of help for hotel and lodging house keepers had been generously provided by the Canadian Government. This gave rise to the idea that the Dominion was taking a new step, but the fact is that no money is coming from Canada. Of the flour sent by Canada a year ago to relieve distress in England, very little was distributed, as poverty was in no way abnormal. Some 400,000 bags of this flour were transferred to the American committee for Belgian relief, which purchased them. The money paid for this flour being in the hands of the Local Government Board, Hon. Walter Long, as President of the Board, suggested to Sir George Perley that this might be utilized for the relief of the east coast towns where the season had been ruined owing to the lack of railway facilities and the disinclination of the public to visit the east coast because of the possibility of German naval or aerial raids. The Dominion Government acquiesced in this proposal, and the sum of $750,000, part of the proceeds of the sale of the flour, has now been allotted for this purpose. Canada's generosity will therefore go to alleviate the distress of a large number of better-class people, who are direct sufferers from the war, instead of the destitute poor, for whom it was intended, but who, it develops, were not in need of it." 2. Whether the said article is accurate. If not, in what respect it is inaccurate. Presented March 20, 1916.—*Mr. Papineau.* *Not printed.*

198*a*. Return showing:—1. Whether the Government is aware that the following extract from an article was published on the 12th January, 1915, in the Montreal "Gazette":—

"Distress Caused in England by War is Negligible.—Comparatively Small Portion of Colonial Gifts Used for National Relief.—Much Went to Belgians.—War Office also took Large Share.—Salvation Army has Scheme Requiring Canadian Co-operation.—(Special cable from the "Gazette's" resident staff correspondent.)

"London, January 11.—Very satisfactory evidence of the comparative absence in England of any distress caused by the war is furnished by a report on the special work of the Local Government Board arising out of the war, which was issued to-day as a White Paper. The action by Noel Kershaw, dealing with the disposition of the gifts from the Colonies, shows that only a small part of the goods allocated has been required for relieving the distress of civilians.

"The following is the disposition of the 940,530 bags of flour received from Canada: To the local committees for the relief of distress, 90,474; to the Belgian Refugees Committees, 1,691; transferred to the War Office, 99,760; further offer to the War Office, 300,000; to the Belgian Relief Commission, 443,886; sold, owing to damage, 4,719." 2. Who had charge of accepting delivery and the shipping of this flour. 3. Whether the Government have any information of the shortage of 59,430 bags of flour, alleged in said article. If not, what became of the flour that was short. Presented March 20, 1916.—*Mr. Papineau*. . . . . *Not printed.*

REPORT

OF THE

DEPUTY POSTMASTER GENERAL

1914-1915

POST OFFICE DEPARTMENT,
OTTAWA, October 13, 1915.

To the Honourable
THOMAS CHASE CASGRAIN, K.C., M.P.,
Postmaster General of Canada.

I have the honour to submit for your consideration the several statements annexed hereto, comprising the report for the year ending March 31, 1915. These statements show that there has been expansion both in the service and in the transactions of the Post Office during the year.

The main points of increase are as follows:—

In the number of Money Order Offices, an increase of	225
" Savings Bank Offices, an increase of	19

There has been an increase of 1,652 miles in the extent of the system over which mails are carried by railway. The number of miles which mails have been carried by railway and water routes and ordinary land routes is greater by 3,200,507 miles than it was for the year before.

The estimated increase in the number of letters and post cards sent during the year is 13,197,000.

The number of Rural Mail Delivery Routes has been increased by 695, and over 37,500 boxes have been erected on these additional routes.

PARCEL POST WITHIN CANADA.

This Parcel Post service, which was inaugurated a few weeks before the beginning of the fiscal year, has been successfully conducted during the year, and its great and growing popularity has demonstrated that it supplies a public need. As the Parcel Post reaches every point throughout the country, its facilities are greater than those afforded by services operated by private companies, and its rates are lower.

REDUCTION IN PARCEL POST RATES BETWEEN CANADA AND JAPAN.

By a new agreement with the Empire of Japan, which came into effect on September 1, 1914, the rate of postage on parcels mailed in Canada addressed to Japan was reduced from 20 cents for each pound or fraction of a pound to 12 cents for each pound or fraction thereof, and the limit of weight for a single parcel was increased from seven pounds to eleven pounds.

PACIFIC CABLE.

An important improvement in the cable relations between Canada and Australia and New Zealand has been effected by the introduction of a week-end service, which makes it possible to send to Australia or New Zealand a cable message at one-quarter of the regular cable rate. These week-end messages between points in Canada and Australia and New Zealand are delivered on Monday whenever practicable.

POSTAGE STAMPS.

The issue for the year 1914-15 shows a gratifying increase over that of the previous year.

In value the increase was $159,906.98, the total amount of the issue being $14,783,049.08, as against $14,623,142.10 for the fiscal year ended March 31, 1914.

Detailed statements are given in Appendix J.

GOVERNMENT ANNUITIES.

During the fiscal year ending March 31, 1915, 77 immediate annuities and 186 deferred annuities, a total of 263, were purchased, aggregating in amount of annuities contracted for, $61,051.54. The amount of purchase money received during the same period was $314,129.17.

Number of annuities in force on March 31, 1915:—

Immediate annuities	617
Deferred annuities	3,008
Total	3,625
Total amount of annuities contracted for	$765,969 07
Total amount received in purchase money	$2,442,075 59

Detailed statements are given in Appendix M.

a This increase in the cost of management arises from the exhibition for the first time as a charge against the money order system, of the salaries of clerks in city post offices engaged exclusively in money order duties; also from the preliminary expenses incurred in organizing money order exchange with a number of additional countries, as stated in the report for the year ended June 30, 1883. *b* Including the amount of the 'Void' orders of the previous years. *c* Including payment for services partly chargeable to preceding year. * Under the system of accounts introduced July 1, 1888, these items cannot be given separately.
